AUTHORIZATION - The process of determining suitability for Chiropractic Services involves answering fully and truthfully all questions presented to you either written or spoken regarding your past and present health status. If warranted, a physical examination will be performed that can include but is not limited to vitals measurement, systems evaluation, orthopedic tests and maneuvers (tests that move and stress parts of the body), neurological test (tests using sharp or dull instruments, smells or sounds, gently tapping) as well as physical touching. These test and maneuvers will help the Chiropractor determine what may be causing your complaints and if Chiropractic can help. Occasionally some temporary soreness and/or stiffness may occur due to the examination; less frequently aggravation of presenting symptoms or initiation of new symptoms.
